Copyright Information

I have created all of my quilt patterns to be used as a FREE resource to other quilters. I am not selling them and explicitly prohibit others from doing so.

That being said, all you wonderful quilters please use them to create quilts for yourself and others. You may sell any quilts you make for a profit (no mass production). You may exhibit your quilts. I would love it if you all can use the patterns as a resource to help others, gifts for others who are sick or in need, our military, charities and fund raisers of any kind. You may use the patterns to teach classes as long as you provide the patterns free of charge to your students.

Quilt store owners – You are free to reproduce any of the patterns and provide them free of charge to your customers. If you can email me photos of any projects your customers complete making these patterns, I would deeply appreciate it.

Please respect the work I have done in creating these patterns. Make sure the patterns are not altered in any way and that proper credit is given if you are reproducing and sharing the patterns with others.

Please feel free to contact me if you have any questions.

**Quilt measures 68" by 84".
Block size is 8" finished (8.5" unfinished).**

The block is the Road to Oklahoma.

Fabric Requirements:

Colored squares:

16 FQs or quarter yard cuts of various colored fabrics.

I chose a combination of Moda Marbles, batiks, hand dyed and solid fabrics I had on hand. Look for fabrics that read as a solid.

Star and Outside Border fabric – 2 yards

I used a purple batik.

Black Fabric – 2 ¼ yards

¼ yard will be used with the colored squares.

I selected a black fabric that had a dark blue pattern in it.

This softened the starkness of the black.

Binding Fabric – 2/3 yard

Sewing Your Road to Oklahoma Blocks:

The center of the quilt has 48 blocks (6 blocks by 8 blocks).

Sew the rows in each block according to the diagram below.
Press each row in the direction indicated in the diagram.

When sewing each block, orient the block so you have the star fabric in the upper left and bottom right corners.

There is enough squares and HSTs of each fabric for that fabric to appear in 6 blocks. (3) blocks with the fabric going down the center diagonal line and (3) blocks with the fabric around the corner stars.

Make each block with a different color combination.

Don't press the seams that join the rows together until all blocks are made and you are ready for final assembly.

Assembling the Center of the Quilt:
