I have created all of my quilt patterns to be used as a FREE resource to other quilters. I am not selling them and explicitly prohibit others from doing so.

That being said, all you wonderful quilters please use them to create quilts for yourself and others. You may sell any quilts you make for a profit (no mass production). You may exhibit your quilts. I would love it if you can use the patterns as a resource to help others, gifts for others who are sick or in need, our military, charities and fundraisers of any kind. You may use the patterns to teach classes as long as you provide the patterns free of charge to your students.

Quilt store owners – You are free to reproduce any of the patterns and provide them free of charge to your customers. If you can email me photos of any projects your customers complete using these patterns, I would deeply appreciate it.

Please respect the work I have done in creating these patterns. Make sure the patterns are not altered in any way and that proper credit is given if you are reproducing and sharing the patterns with others.

If you are sharing my patterns over the web, do so by providing a link to <http://carterquilter.wordpress.com>

Feel free to contact me if you have any questions.

Making HSTs from Templates:

If you want to create several HSTs at once you can try my new tip:

<http://carterquilter.wordpress.com/2009/05/13/how-to-make-lots-of-hsts-my-first-tip/>

Put fabric squares right sides together.
Pin template on top.

Sew on the colored lines. (Make your stitch smaller. I use 1.8)
Cut on the black lines.

Sewing and cutting accurately on the lines will yield perfect HSTs.. the only trimming needed is for the triangle “ears”.

Tearing the paper tip: Hold the corner of the triangle and start tearing from the center part. *(if you start tearing from the corners it can rip out some stitches.)*

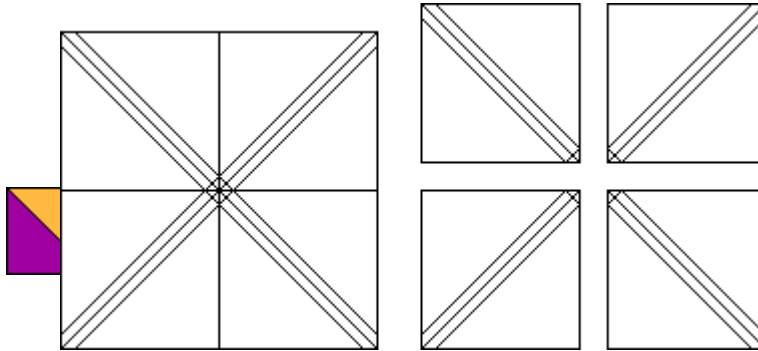

I like to max out my templates when making HSTs and build up my scrappy HST stash with the extras.

HST Directions:

All HSTs will measure 3.5" unfinished (3" finished)

(Please note the cutting needed to make your HSTs. My pattern assumes you are using Triangle Magic templates. If you are using a different method please cut accordingly.)

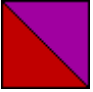

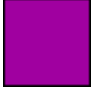

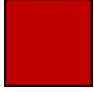

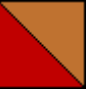

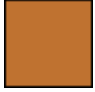

1. Cut (2) Templates into fourths.

HSTs Needed: Squares Needed

Templates Needed

	50	(6) 8.5" Squares and (1) 4.5" square	 (6) 8.5" Squares and (1) 4.5" square	(6) large templates and (1) quarter size template
	200	 (25) 8.5" squares	 (25) 8.5" squares	(25) large templates

	75	 (9) 8.5" Squares and (2) 4.5" squares	 (9) 8.5" Squares and (2) 4.5" squares	(9) large templates and (2) quarter size templates
	25	 (3) 8.5" Squares and (1) 4.5" square	 (3) 8.5" Squares and (1) 4.5" square	(3) large templates and (1) quarter size template
	25	 (3) 8.5" Squares and (1) 4.5" square	 (3) 8.5" Squares and (1) 4.5" square	(3) large templates and (1) quarter size template
	25	 (3) 8.5" Squares and (1) 4.5" square	 (3) 8.5" Squares and (1) 4.5" square	(3) large templates and (1) quarter size template

Quilt top with first border. The solid gold border was striped fabric in my quilt.

Step #12:

Add second border.

A. Borders.
Make (4).

(9) Leaf print 5.5" blocks.

(8) Green 5.5" blocks

(2) 3.5" by 5.5" green blocks (one sewn to each end)

Two of these are the side borders. Sew to units to the quilt sides.

B. Top and Bottom Borders

Take the remaining (2) borders and add a 5.5" leaf print block to each end.

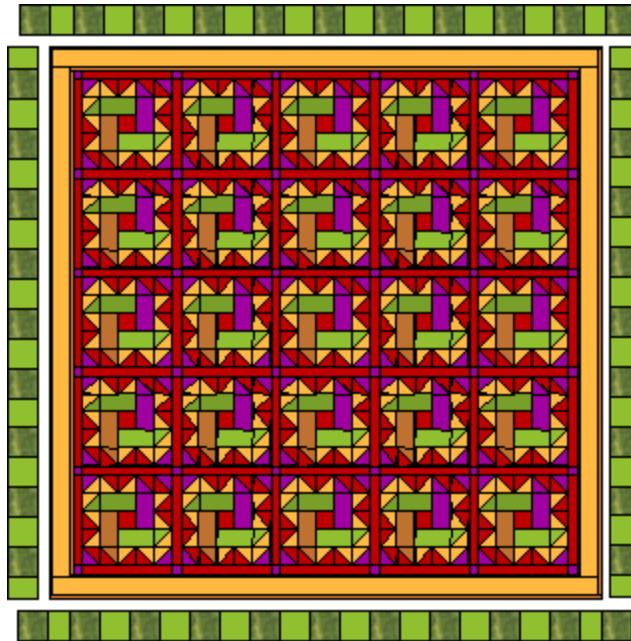

Press the two leaf end blocks to the center of the quilt.

Press the rest of the blocks in either direction.

Sew the top and bottom borders to the quilt.

Press to the borders.

- C. Press your (4) 1" by 102.5" gold rectangles in half wrong sides together. These are a flat piping type accent around the edge of the quilt.

They are sewn on top of the final border and do NOT add any more inches to the size of the quilt.

Sew (2) to either side. The pressed edge is closer to the center of the quilt.

Sew (2) to the top and bottom. The pressed edge is closer to the center of the quilt.

TIP: When using this type of accent it is important to sew the binding to the FRONT of the quilt first and hand sew the binding on the back.

You might also want to sew this accent on after the quilt is quilted. That is a personal choice.

Your quilt top is finished and ready for quilting and binding. Mine will have a striped purple/green/red and gold binding cut on the bias. I will post a photo when it is finished.
