

# SCRAPPY SPRING MYSTERY

## 2008

© Cindy Carter 2008

This is a scrappy quilt with a very definite spring theme. I recommend you choose fabrics that say “spring” to you. If you are using prints please use a smaller scale print.

If you do NOT like scrappy you can also make the quilt NOT scrappy.

The quilt pattern includes a border. If you prefer to do your own border, that would be great too.

The quilt was designed to be fun for both beginners and more advanced quilters.

### **Choose your quilt size:**

Lap/Twin – 57” by 77”                      with border – 69” by 69”

Full– 75” by 75”                              with border – 87” by 87”

If you want a larger quilt you can easily add more rounds to the border. Each round increases the dimension of the quilt by 6”. (For example, adding one round would make the full measure 93” by 93”).

If you have any questions or concerns please contact me:
