All seams are 1/4" inch

Baby/Lap Quilt

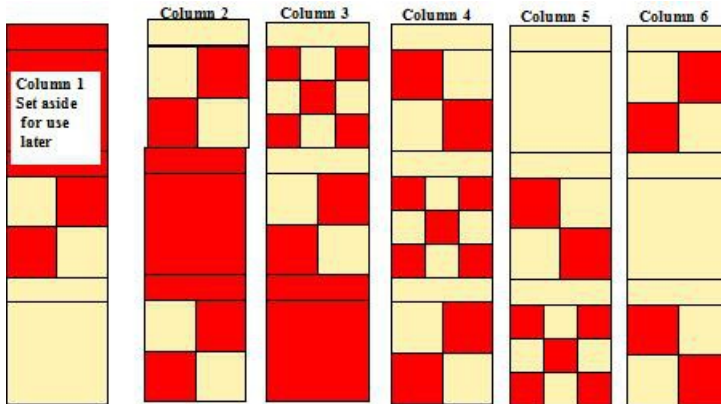

- Press all seams toward the rectangles in each column.
- Lay columns side by side, Verify that they are all identical.
- Number your columns. Make small paper labels 1 through 6.
- Pin the number in the rectangle according to the diagram below.
- Set Column 1 aside.

DO NOT REMOVE THE PINNED NUMBERS UNTIL THE END OF THE MYSTERY.

Columns 2 through 6:

- Sew the end of each column (right sides together) to the beginning of the same column to make a circle.
- After sewing, turn the circle so the right side of the fabric is facing out.
- Rotate each circle so that the column number is at the top as shown.
- Unsew the seam that is above the Column Number (above the rectangle that has the column number pinned to it.)

Verify that your columns look the same as mine.
